

Full Name	: Prof. Vishram Ram	
Designation	: Professor	
Department/School	: Agronomy/SNRM	
Official Email ID	: ramvishramcau@gmail.com	
Area of Specialization	: Farming System, Crop Simulation and Weed Management	
Research Interest	: Farming System Management and Weed Ecology	

Highest Educational Qualification : Ph. D. (Agronomy), B. H. U. Varanasi (U. P.)

Professional Experience : Assistant Professor/ Asstt. Prof. (Sr. Scale) Agronomy 2001-2009  
Brahmanand Mahavidyalaya, Rath, Hamirpur (U. P.) (U. P. Higher Education Commission)  
Associate Professor/Professor, CPGS-AS, Barapani, Meghalaya, CAU(I) 2009 to till date

Selected Publication :

Karupakula Shirisha, Vishram Ram, Maram Bhargav Reddy and Balram Yadav (2025). Phosphorus Application Rates with Residue Mulch Increased Dry Matter, Nutrient Accumulation, and Yield of Potato Crop. *Potato Research*, 6-26. DOI: [10.1007/s11540-025-09886-6](https://doi.org/10.1007/s11540-025-09886-6)

Sushree Panda, Vishram Ram, Pradesh Jena, Jonali Goswami, Dwipendra Thakuria, Francis Dutta, Preetinanda Pati and Shantanu Chainy (2024). Digital mapping of dates of transplanting and accumulated thermal requirement of rice (*Oryza sativa* L.) in the subtropics of North Eastern Hill Region, India. *European Journal of Remote Sensing* 1-16. <https://doi.org/10.1080/22797254.2024.2406796>

Santosh Korav, Vishram Ram, Sujatha H. T., Venkatesh Paramesh, Shankarappa Sridhara, Hosam O. Elansary & Ihab Mohamed Moussa (2024) Elucidation of critical period of crop weed competition in groundnut (*Arachis hypogaea*) under mid-hills of Meghalaya, *Cogent Food & Agriculture*, 10:1, 1-18. DOI: [10.1080/23311932.2024.2354470](https://doi.org/10.1080/23311932.2024.2354470)

Courses Taught : Modern Concepts in Crop Production, Dryland Agriculture and Watershed Management, Principal and Practices of Water Management, Farming System Management, Research and Publication Ethics, Stress Crop Production etc.

Student Guidance :

M. Sc. (Ag) Agronomy - 32  
Ph. D. Agronomy - 15
